Data, Research and Planning

Public Website Guide

June 2021

Home Page (http://data.kansasregents.org)

The Data, Research and Planning (DRP) unit is responsible for providing data analysis support for data-driven decision-making activities of the Kansas Board of Regents.

In 1999, major changes were made to the structure of postsecondary education in Kansas when the Kansas Legislature passed the Kansas Higher Education Coordination Act. This legislation gave the Board of regents the powers and duties of higher education coordination. In addition to governing authority over the state universities, the Board was given coordinating authority over the community colleges, technical colleges, and the municipal university. As part of the additional responsibilities, the Kansas Board of Regents was given the responsibility for coordinating the federal Integrated Postsecondary Educational Data System (IPEDS) surveys for all postsecondary education institutions in Kansas, including private institutions.

The Kansas Higher Education Coordination Act included a mandate for a Postsecondary Database. Specifically, K.S.A. 74-3205d charges the Board with the responsibility to **"collect and analyze data and maintain a uniform postsecondary education data base."**

The DRP website has information that is available to the public while also having a secure area for institutions to upload data.

Part I - Public Access

The home page has various links to DRP ongoing research and data efforts. One current effort relates to funding for Community Colleges and Technical Colleges. The DRP home page also has a link to a program inventory search tool that we allow users to search for programs and training opportunities from the 32 Kansas public higher education systems.

Navigating Kansas Higher Education Statistics (KHEStats) Website

Kansas Higher Education Statistics (KHEStats) is a web-based reporting tool for providing access to data about Kansas public postsecondary institutions. KHEStats allows users to view trends, filter reports and perform comparison through user-friendly dashboards, graphs and charts. KHEStats Reports are generated from data collected by the Kansas Board of Regents from the state's 32 public higher education institutions (six universities, one municipal university, 19 community colleges and six technical institutions) in data collections which address enrollments, completions, demographics and other characteristics. To learn more about KHEStats and the information found on the various pages, please navigate to the Resources tab found at the top of webpage.
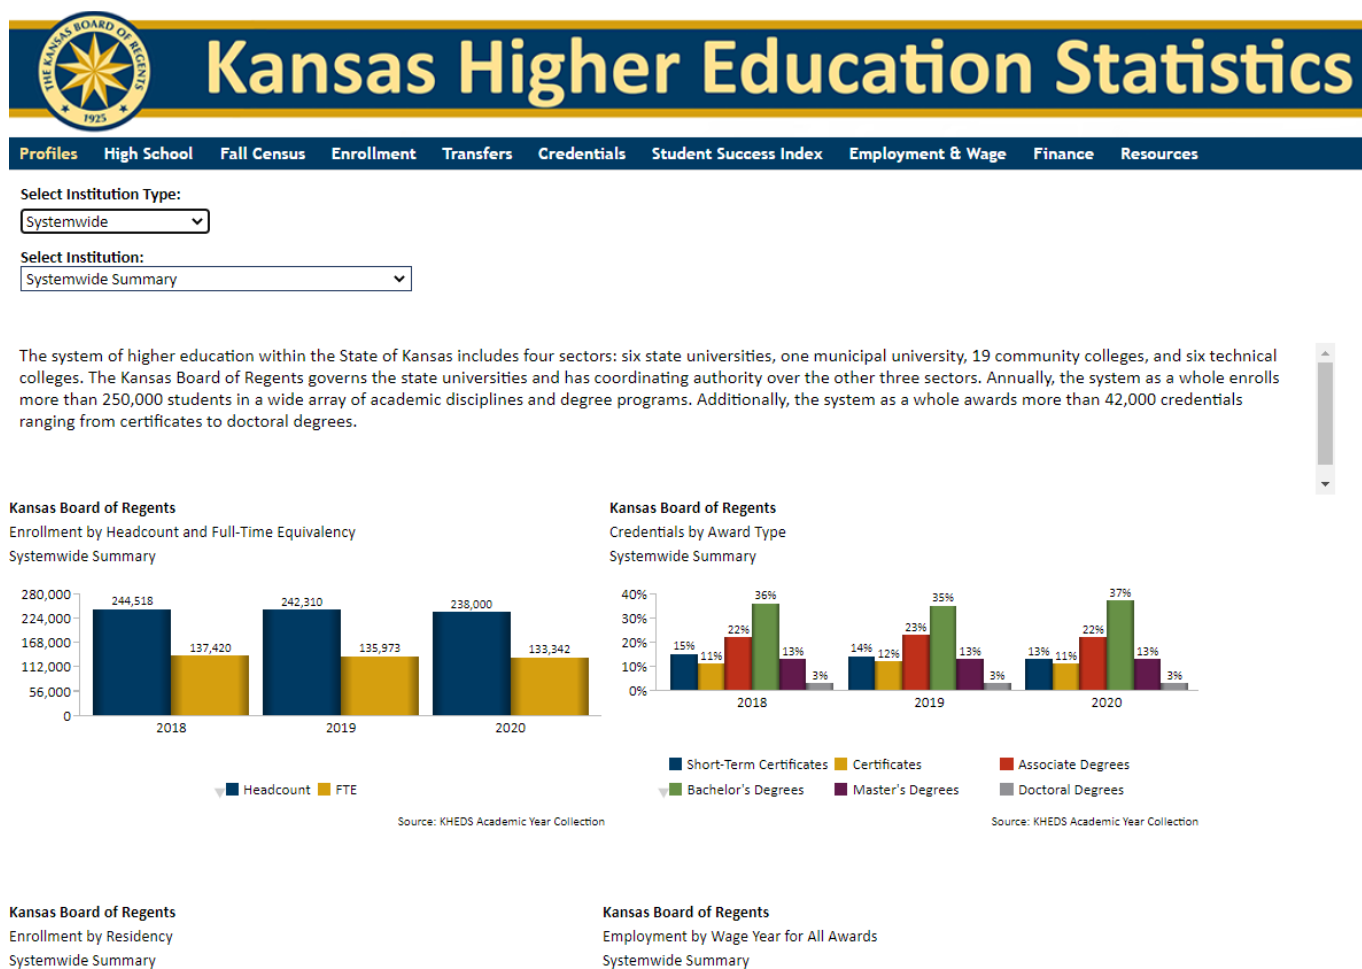

Using the Kansas Public Higher Education & Training Program Search

The Program Inventory Public Search tool allows anyone to search the programs offered by the 32 public higher education institutions submitting data to the Kansas Board of Regents. Those data may not include programs offered at all locations (including online and satellite campuses). Contact the institutions directly to learn more about educational opportunities available.

Basic Search Option

Navigate to https://www.kansasregents.org/academic_affairs/program_search. Click the 'Kansas Public Higher Education & Training Program Search' link.

KANSAS PUBLIC HIGHER EDUCATION & TRAINING PROGRAM SEARCH 🖶✉

This free search tool enables you to quickly search program and training opportunities available from the 32 Kansas public higher education institutions. The database includes information submitted by the state's public higher education institutions, which may not include all programs offered in all locations (including online or satellite campuses).

If you cannot find a specific program at an institution using this search tool, please contact the institution(s) directly to learn more about educational opportunities available in your area.

Click here to review a PDF overview which outlines how to perform both a basic and advanced search using this tool, modify the display order, and how to download and print search results.

ENTER THE NAME OF THE DEGREE PROGRAM YOU WANT TO FIND (i.e. "nursing" or "engineering"):

[   ] [Search] [Advanced]

Perform a basic search by entering terms and selecting the "Search" button. Names of institutions, names of programs, types of awards, or words describing programs can be used to perform a search.
Results are displayed based on a search of the terms in the Program Title and Award fields, and the Classification of Instructional Programs (CIP) description of the programs in the data system. The display order is based on how closely a program or award fits the search term(s). You can further narrow results by sorting and/or filtering within the initial search. Sort each of the display columns by clicking on the column heading. Filter the results by entering terms into the search bars below Institution Name, Program Title, Award, or Hours.

Search results for the term "business"

The institution names that are displayed provide links to the website for that institution. This allows the user to learn more about the educational opportunities available at the institution.

Advanced Search Option

To perform an advanced program search, navigate to http://data.kansasregents.org/index.jsp and select the 'Kansas Public Higher Education & Training Program Search' link.

Select the "Advanced" button.

Narrow search results by selecting the type of institution, the name of the institution, type of award, using a search term, or a combination of those elements.
Search term "business" with "Community College" and "Associate Degree" filters applied

Institution names displayed in the results are links to that school website to allow the user to learn more about the educational opportunities available.

Printing Search Results

Search results can be downloaded or printed in a variety of formats.

- Copy: Select to copy the table of results and paste into another document (a spreadsheet will maintain the table properties).
- CSV, Excel, PDF: Select to download the search results (if file extensions are not working properly and the document cannot be saved, it may be a view setting on the computer. See the last section of this document for assistance).
- Print: Select to print the table (hit the **ESC** key to return to results screen)

Kansas Higher Education Data Books

The Kansas Board of Regents has published the State University Data Book since 1993. In 2015, the first Technical College Data Book was published, and in 2016, the Washburn University Data Book was published along with the first Community College Data Book of its kind. These data books include key facts about higher education in Kansas, along with the profiles for each institution which include data on finance, tuition and fees, students, outcomes, and faculty and staff.

KANSAS HIGHER EDUCATION DATA BOOKS

The Kansas Board of Regents has published the State University Data Book since 1993. In 2015, the first Technical College Data Book was published, and in 2016, the first Washburn Data Book was published along with the first Community College Data Book of its kind. These Data Books include key facts about higher education in Kansas, along with profiles for each institution which include data on finance, tuition and fees, students, outcomes, and faculty and staff.

STATE UNIVERSITIES

University data books include information for the following institutions:

- Emporia State University
- Fort Hays State University
- Kansas State University
- Pittsburg State University
- University of Kansas
- University of Kansas - Medical Center
- Wichita State University

The following years are currently available online:

- 2021 State University Data Book
- 2020 State University Data Book
- 2019 State University Data Book

WASHBURN UNIVERSITY

2016 is the inaugural year of the Washburn Data Book, which includes information for both Washburn University and Washburn Institute of Technology:

2021 Washburn Data Book (pdf)
2020 Washburn Data Book (pdf)

TECHNICAL COLLEGES

Technical college data books include information for the following institutions:

- Flint Hills Technical College
- Manhattan Area Technical College
- North Central Kansas Technical College
- Northwest Kansas Technical College
- Salina Area Technical College
- Wichita Area Technical College
- Washburn Institute of Technology

The following years are currently available online:

2021 Technical College Data Book (pdf)
2020 Technical College Data Book (pdf)

Tuition and Fees Reports

By selecting 'Tuition and Fees Reports' on the DRP home screen, the user will be taken to the 'Tuition and Fees' page, which shows state university, community college, and technical institution tuition and fee schedules. Tuition and fees schedules go back to AY 2005 - 2006 for universities and AY 2009 – 2010 for community and technical institutions.

TUITION & FEES REPORTS

See below to review the tuition and fees reports for each stated year.

STATE UNIVERSITIES

Click on the below year to review the tuition and fees for each state university. All tuition and fees are incorporated, along with housing rates and other fees, into this Comprehensive Fee Schedule which is published annually on this website.

Comprehensive Tuition and Fees Report 2020-2021 (pdf)
Comprehensive Tuition and Fees Report 2019-2020 (pdf)
Comprehensive Tuition and Fees Report 2018-2019 (pdf)
Comprehensive Tuition and Fees Report 2017-2018 (pdf)
Comprehensive Tuition and Fees Report 2016-2017 (pdf)
Comprehensive Tuition and Fees Report 2015-2016 (pdf)

COMMUNITY COLLEGES

Click on the below year to review the tuition and fees for Kansas community colleges:

Tuition and Fees through 2020-2021 (pdf)
Tuition and Fees through 2019-2020 (pdf)
Tuition and Fees through 2018-2019 (pdf)
Tuition and Fees through 2017-2018 (pdf)

TECHNICAL COLLEGES

Click on the below year to review the tuition and fees for Kansas technical colleges:

Tuition and Fees through 2020-2021 (pdf)
Tuition and Fees through 2019-2020 (pdf)
Tuition and Fees through 2018-2019 (pdf)
Tuition and Fees through 2017-2018 (pdf)

The six state university fee schedules are compiled by KBOR and posted in the Comprehensive Fee Schedule. The new schedules are generally available in September. KBOR also collects tuition and fee information for the Community Colleges.

By clicking on any of the links, you can see that year's tuition and fee information.

Transfer Feedback Reports

By selecting 'Transfer Feedback Reports' on the DRP home screen, the user will be taken to the 'Transfer Feedback Reports' page, which has feedback reports from Fall 2007 – Fall 2017. Beginning in 2018, this information is reported on the Transfers tab in KHEStats (stats.kansasregents.org).

https://www.kansasregents.org/data/system_data/transfer_feedback_reports

The transfer reports, created from the Kansas Post-Secondary Database (KSPSD) data maintained by the Data, Research and Planning staff of the Kansas Board of Regents, are intended to give uniform information to Kansas community colleges about their students who later study at state/municipal universities in the state. For purposes of this report a student is considered a transfer student if they bring in 9 or more transfer hours from a given Kansas Community College or other transfer institution. It is possible for a student to be a transfer student from more than one institution in the reporting year. Students who transferred 9 or more hours from more than one community college are included in each community college's reports. Students with fewer than 9 transfer hours are grouped with other degree-seeking undergrads.

System Enrollments and Trends

KHEStats (stats.kansasregents.org) reports provides access to enrollment reporting under the "Enrollment tab. This includes reported data on students enrolled for either an Academic Year or semester (i.e. spring 2018). Charts and tables look at historical enrollment data using a variety of categories including race/ethnicity, age, and residency status. Information provided can be reviewed for the public higher education system statewide as a whole, by institution type, or for a specific institution by using the filter options provided on the charts and tables.

The Enrollment Report link found on the DRP main website points to enrollment report presentations done in the spring of 2013 – current year.

ENROLLMENT REPORTS

Kansas Higher Education Statistics (KHEStats) online reports provides access to enrollment reporting under the "Enrollment" tab. This tab includes reported data on students enrolled for either an Academic Year or semester (i.e. spring 2017). Charts and tables look at historical enrollment data using a variety of categories including race/ethnicity, age, and residency status. Information provided here can be reviewed for the public higher education system statewide as a whole, by institution type, or for a specific institution by using the filter options provided on the charts and tables. A user can also hover any data (i.e. a bar within a bar graph) for additional information.

Additionally, historic systemwide Fall and Spring enrollments can be viewed under the "KHEER" tab, including data for total headcount, total full-time equivalency, and total credit hours. Archived reports for data 2005-2012 can be found here:
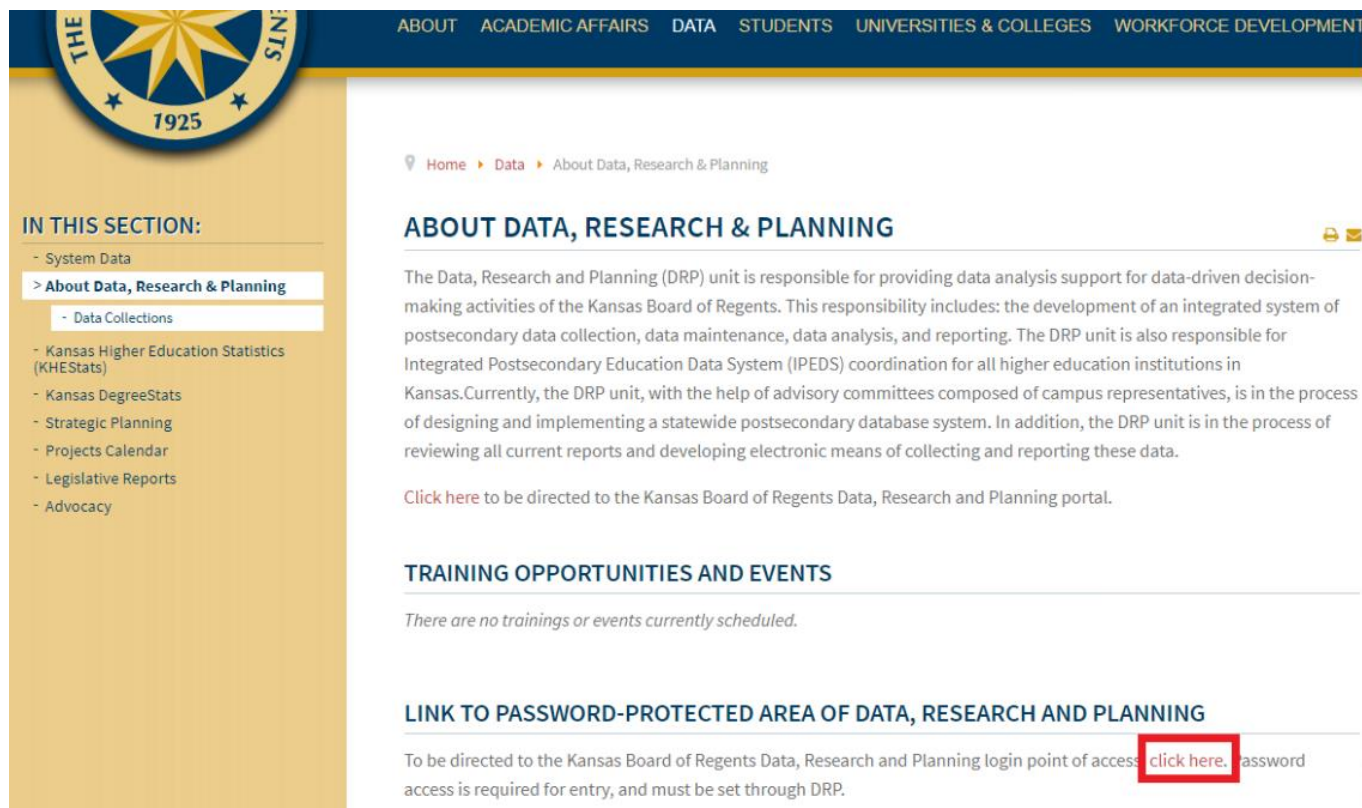

http://data.kansasregents.org/data_collections/KHEER/

Kansas DegreeStats

www.ksdegreestats.org

This interactive online tool reviews costs and earnings data from real graduates for each undergraduate degree program offered at a public university or college in Kansas. Kansas DegreeStats will provide information pertaining to typical resident tuition, fee, room and board, books and supplies, and typical length of time to complete each degree program. Each degree program listed will also show the funding sources contributed by the individuals who completed each program such as scholarships and grants, loans, and personal investment. Through partnerships with the Kansas Department of Labor and the Missouri Department of Labor and Industrial Relations, wage information about program graduates is also reported, both upon entry into the Kansas workforce and after five years of employment. Finally, a user can calculate the total loan debt or total degree investment made and review an estimated monthly payment and percent of expected annual earnings the student will spend, based on the number of years repayment selected.

Instructions on how to use the site are posted under a link in the top right corner of the page. It will teach the user how to do a search, review search results, provide DegreeStats comparison results, and other information pertaining to the website.
