NOTE: Table 2.2 identifies tuition charged of both undergraduates and graduates for state universities.

It also identifies both tuition and required fees being charged at each institution.

In addition to tuition, each institution has certain fees mandatorily charged of each student.

These fees finance a variety of items including student activities, student health services, and the cost of student unions.

Budgetarily, a major difference is that tuition is part of the General Use budget and fees are a part of the Restricted Use budget.

When making national comparisons of student charges, it is necessary to compare combined tuition and required fees.

*After the printing of the 2013 Data Book, FHSU discovered a reporting error which changed their total for educational costs in FY 2012. FHSU's percentage for FY 2012 has been updated to reflect this correction.

NOTE: Compiled from Tuition revenues as a percentage of Education costs, defined as: General Use expenditures for Instruction, Academic Support, Student Services, Institutional Support, Scholarships, and Physical Plant.

This is the traditional "Kansas Fee to Cost Ratio" which has been measured in this manner since 1966.
